

Swift Racing

Parts Catalogue

vers. 3.11 / Jan 2024

~ Making Fast Affordable~

Swift Racing, established in 2005 has become a leading supplier of rowing boats, accessories, boathouse equipment etc. Our current range of boats include:

- Racing Shells (RS), from 1x to 8+, built in 4 grades to suit different needs and budgets with 7 sizes of singles, 6 sizes of 2x/-, 5 sizes of 4s and 5 sizes of 8s. Our Racing Shells are proving themselves every weekend of the year at all levels of competition, from local to national to international.
- FISA's design of PARA 1x and 2x, also suitable for Recreational rowing (PR).
- Touring gigs (GI), 2x/+3x and 4x/+5x based on the German "C Gig" boat class, good for Learn To Row for beginners, Corporate or Fun Regattas, Fitness and Recreational rowing, Touring of course, right through to racing, as happens in various European countries.
- Cadet Mini 1x, Cadet 1x, Cadet 2x (CA), low cost, properly sized racing shape boats for crews of 40-60kg, especially good for very young rowers, which have properly scaled down riggers (as low as 143cm span) and oars (as short as 244cm).
- Trainer 1x75 and 1x90 (TR), built similarly to the Cadets but for rowers up to 75kg and 90kg, with 2.5cm more width than normal Racing Shells, so good for rowers who want a more stable 1x that still can go fast, or for beginner rowers, who are aiming to compete.
- Coastal boats (CO), 1x, 2x and 4x+ built to FISA regulations, the official boats chosen for the 2019 World Rowing Coastal Championships in Hong Kong.

Please use the following key to help understand the contents of this catalog:

NYA = Not Yet Available **dis** = discontinued **Incl.** = including **Excl.** = excluding
05/2007~ means "used from May 2007" **~06/2007** means "used until June 2007"

This catalog includes details of some parts which are "discontinued", so are no longer in production. Swift Distributors may have some in stock. Most of the discontinued parts have been replaced with alternative parts, such as Rigger Pins; "Rig1" has been replaced with "Rig2".

All parts are sold in units of 1 piece, except where stated otherwise.

To find your local Distributor or to get on touch with us, please visit our website at:

www.swiftracing.com

Stretchers

Str31E has two sets of holes, one for Swift shoes (30x25mm), and one for PBR shoes and Active tools shoes.

Str31E

Shoe plate for PBR2 shoes & Swift shoes

Material: Aluminium **Material:** 01/2024~

Str31E-245: 245mm stretcher, actual width is 230mm

Str31E-260: 260mm stretcher, actual width is 240mm

Str31E-270: 270mm stretcher, actual width is 250mm

Str45B

Rudder wire housing for dyneema rudder line (Fin22B)

Material: Nylon **Standard:** no

Str45B40: 400mm (top)

Str45B40: 650mm (bottom)

Other

Oth129

Cox feet blocks for CO4x+ (with 3M Dual Lock at bottom), per pair

Material: Carbon **Standard:** no

From January 2013, riggers are "hard" anodised. No pins or topstays included.

Rig20A-ha

3 stay scull rigger frame, with Euro style 12mm block - hard anodised

Material: Aluminium
Standard: 01/2013~

Rig21A-ha

3 stay sweep rigger frame, with Euro style 12mm block - hard anodised

Material: Aluminium
Standard: 01/2013~

Rig20C-ha

3 stay scull rigger frame, for L style block - hard anodised

Material: Aluminium
Standard: 01/2013~

Rig21C-ha

3 stay sweep rigger frame, for L style block - hard anodised

Material: Aluminium
Standard: 01/2013~

Rig22A-ha

Non-adjustable L block for pins 1B-sc, 1B-sw, 2B-sc, 2B-sw - hard anodised

Material: Aluminium **Standard:** no

Rig23-ha

2 stay scull back rigger frame - hard anodised

Material: Aluminium
Standard: 01/2013~

Rig24-ha

2 stay sweep back rigger frame - hard anodised

Material: Aluminium
Standard: 01/2013~

In January 2013 a new wing rigger was introduced, with better design, using backstays for scull and sweep for maximum performance. No pins or topstays included.

Rig29-ha
Scull wing rigger - hard anodised
Material: Aluminium **Standard:** 01/2013~

Rig29A-ha
Scull wing rigger long block for adaptive boat - hard anodised
Material: Aluminium **Standard:** 01/2013~

Rig30-ha
Sweep wing rigger - hard anodised
Material: Aluminium **Standard:** 01/2013~

Rig71-ha
Scull reverse wing rigger - hard anodised
Material: Aluminium **Standard:** 01/2013~

Rig78-ha
Sweep reverse wing rigger - hard anodised
Material: Aluminium **Standard:** 09/2022~

In 2017 we started offering a heavy duty scull wing rigger without backstays. No pins or topstays included.

Rig74-ha
Heavy duty scull wing rigger - hard anodised
Material: Aluminium **Standard:** 01/2017~

From Oct 2021, we start offering carbon scull wing rigger for all new mould 1s. No pins or topstays included.

Rig77A

Scull reverse wing rigger- carbon

Material: Carbon **Standard:** 10/2021~

Rig79A

Sweep reverse wing rigger - carbon

Material: Carbon **Standard:** 08/2022~

Riggers and associated parts - Pins

Rig2 pins are used on all boats since Aug 2008. They all have 13mm shafts, with 8mm thread hole in tops, and supplied complete with washers, nuts, bolts and spacers.

Rig2-sc 13x105mm shaft 8mm bolt type **Material:** Stainless

Rig2A-sc: 10x55mm base **Standard:** no

Rig2B-sc: 10x30mm base - for scull L block, **Standard:** 08/2008~

Rig2C-sc: 12x55mm base - for scull Euro & scull Ali. wing, **Standard:** 08/2008~

Rig2D-sc: 12x30mm base - **Standard:** no

Rig2-sw 3x120mm shaft 8mm bolt type **Material:** Stainless

Rig2A-sw: 10x55mm base **Standard:** no

Rig2B-sw: 10x30mm base - for sweep L block, **Standard:** 08/2008~

Rig2C-sw: 12x55mm base - for sweep Euro & sweep Ali. wing, **Standard:** 09/2008~

Rig2D-sw: 12x30mm base **Standard:** no

Rig3AL

13x110mm shaft - for ali back rigger (incl. washers, bolts and spacers)

Material: Aluminium **Standard:** 05/2014~

Rig2C-sc-TA

13x105mm shaft, 12x55mm base - 8mm bolt type - for scull (Titanium, 65g lighter than S/S, good in salt water)

Material: Titanium alloy **Standard:** no

Riggers and associated parts - Topstays/Backstays

Topstays are made up of a long pipe and an extender. The long pipe is lightweight for scull and heavyweight for sweep, with bowside (star'd) and strokeside (port). It needs to be cut to the right length by the customer.

Rig40-sc Long pipe for scull topstay
Material: Aluminium **Standard:** 03/2011~
Rig40-scb: bowside (no hose clips)
Rig40-scs: strokeside (no hose clips)

Rig40-sw Long pipe for sweep topstay
Material: Aluminium **Standard:** yes
Rig40-swb: bowside (no hose clips)
Rig40-sws: strokeside (no hose clips)

There are different extenders for different boats, but bowside and strokeside are the same. Wing rigger boats use 10.0 or 12.5. Side mount rigger boats use 18.0 or higher.

Rig41 Extender for topstay, (incl. 2 of Rig42, 1 of Rig43)
Material: Aluminium **Standard:** yes
Rig41-10.0: 10.0 degree bend **Rig41-24.1:** 24.1 degree bend
Rig41-12.5: 12.5 degree bend **Rig41-30.3:** 30.3 degree bend
Rig41-18.0: 18.1 degree bend **Rig41-32.4:** 32.4 degree bend
Rig41-22.1: 22.1 degree bend **Rig41-34.5:** 34.5 degree bend

To identify your extender, see "**Extender-mold compatibility chart**" on page 11.

Rig42
 Hose Clip (for fastening topstays)
Material: Stainless **Standard:** yes

Rig43
 Clamp for extender (black)
Material: Nylon **Standard:** yes

Riggers and Associated Parts - Rigger plates

Rig45A
 Rigger plates for saxboards, 2x60x60mm, un-drilled
Material: Carbon **Standard:** no

Rig45B
 Rigger plates for saxboards, 2x70x100mm, un-drilled
Material: Carbon **Standard:** no

Rig45C
 Rigger plates for saxboards, 2x60x60mm, drilled (one hole)
Material: Carbon **Standard:** yes

**Rig45D**

Rigger plates for saxboards, 2x70x100mm, drilled (2 holes, at 55mm centers)

Material: Carbon **Standard:** yes

Rigger bolt washers are sold flat. They should be fitted to the rib/shoulder with a rigger bolt that is tightened. Then tap the "ears" of the washer around the rib/shoulder with a hammer.

**Rig51**

Rigger bolt washer (square hole) - not bent

Material: Stainless **Standard:** yes

Riggers and Associated Parts - Other

**Rig9L**

C bracket for Al. back rigger, incl. 1 of Rig9B, 2 of ScrHex6x20 (adjustable pitch type)

Material: Aluminium **Standard:** 05/2014~

**Rig9AL**

C bracket for Al. back rigger, incl. 1 of Rig9B, 2 of ScrHex6x20 (non-adjustable pitch type)

Material: Aluminium **Standard:** 05/2014~

**Rig9ALb**

C bracket for Al. back rigger (non-adjustable pitch type)

Material: Aluminium **Standard:** yes

**Rig9L-NK**

C bracket for Al. back rigger, used for NK Empower oarlocks (adjustable pitch type)

Material: Aluminium **Standard:** no

**Rig9B**

Back plate for attaching C bracket to rigger - 34x20x5mm

Material: Stainless **Standard:** yes

**Rig8A** "O" shape spacer for pin 2mm

Material: Nylon **Standard:** yes

Rig8A-100 "O" shape spacer for pin 2mm (pack of 100)

**Rig8E** "C" shape spacer for pin, 1mm

Material: Nylon **Standard:** yes

Rig8E-100 "C" shape spacer for pin, 1mm (pack of 100)

Rig8F "C" shape spacer for pin, 5mm - yellow

Material: Nylon **Standard:** 08/2022~

Rig8F-100 "C" shape spacer for pin, 5mm - yellow (pack of 100)

Rig8G "C" shape spacer for pin, 7mm - yellow

Material: Nylon **Standard:** 08/2022~

Rig8G-100 "C" shape spacer for pin, 7mm - yellow (pack of 100)

Pin wedges are to change the angle (pitch) of the pin. Either fore/aft, lateral, or both. 2 pieces must be used, one above and one below the rigger block (wing or Euro), inserted in opposing directions.

Rig10A-1.0

Pin wedges, 2 of 1.0 degrees

Material: Aluminium **Standard:** 09/2011~

Rigger height wedges are inserted between the saxboards and the foot of the rigger, and will increase or decrease the work height. Pin angle will also change, but pin wedges can be used to correct this.

Rig11

Rigger height wedges, 1 each of 0.5, 1.0, 1.5, 2.0, 2.5 degrees

Material: Nylon **Standard:** no

Rig12-6

6mm long inserts in sax lips, for wing rigger bolts, for all boats after Mar 2011

Material: Stainless **Standard:** yes

Rig12-10

10mm long inserts in sax lips, for wing rigger bolts, except 1x (same as Gig61)

Material: Stainless **Standard:** ~03/2011

Rig12-10ny

Inserts in sax lips for 6mm wing rigger bolts - 10mm long

Material: Nylon **Standard:** 05/2023~

Rig61sc

CII scull oarlock (incl. blue inserts/bushes)

Material: Nylon **Standard:** 04/2009~

**Rig61sw**

CII sweep oarlock (incl. blue inserts/bushes)

Material: Nylon **Standard:** 04/2009~

**Rig72**

Plug for hole in Ali wing rigger block

Material: Rubber **Standard:** 12/2014~

**Rig73**

10mm spacer for wing riggers - Round type

Material: Nylon **Standard:** 12/2014~

**Rig76**

Small plug for holes on Ali wing rigger pipes

Material: Nylon **Standard:** ~11/2022

"Gaetan" plates make it possible to temporarily attach different sized wing riggers to a boat. They are sold in pairs and include 8 screws (ScrC/S6x30), washers, spring washers and hex nuts.

**Rig75**

Gaetan wing rigger plates - pair

Material: Aluminium **Standard:** no

Frig Rig Plates replace Rig75 (Gaetan plates). They allow Swift's scull and sweep riggers to be attached to boats at points wider or narrower than the rigger by plus/minus 20, 30 and 40mm. They are sold in sets (4pcs) incl. 8 ScrC/S6x35, 4 ScrC/S6x30 with washers, spring washers and hex nuts. Check the user guide for details before ordering.

**Rig75A**

Frig rig plates - set (incl. 4 of plate, 8 of ScrC/S6x35, 4 of ScrC/S6x30 with washers, spring washers and hex nuts).

Material: Aluminium **Standard:** no

Riggers and Associated Parts - Quick Release parts for Ali wing rigger

**Rig81-QR**

Base for Quick Release system for RS, PR, Cadets & Trainers - hard anodized - 180mm

Material: Aluminium **Standard:** no

Rig95-QR

Base for Quick Release system for WR & RWR CO1x - hard anodized- 210mm

Material: Aluminium **Standard:** no

**Rig82-QR**

Cam for Quick Release system

Material: Nylon **Standard:** no**Rig83-QR**

5mm spacer for Quick Release cam

Material: Nylon **Standard:** no**Rig84-QR**

Square shaft "bolt" for Quick Release system

Material: Stainless **Standard:** no**Rig86-QR**

Complete cam, (include Rig82-QR, Rig83-QR, Rig84-QR, ScrC/S4x20)

Material: Stainless **Standard:** no**Rig87-QR**

Complete Quick Release system (incl.2 of Rig81-QR, 4 of Rig86-QR, 4 of ScrC/S6x35 with washers&nuts)

Material: Aluminium **Standard:** no**Rig96-QR**

Complete Quick Release system for WR & RWR CO1x - 210mm (incl.2 of Rig95-QR, 4 of Rig86-QR, 4 of ScrC/S6x35 with lock nuts)

Material: Aluminium **Standard:** no

Riggers and Associated Parts - Coastal aluminium riggers

**Rig91sc**

Floating scull rigger for CO2x & CO4x+ - hard anodised

Material: Aluminium **Standard:** ~11/2017**Rig92a**

Rigger holder for Rig91sc without screw for floating rigger

Material: Nylon **Standard:** ~11/2017**Rig92b**

Rigger holder for Rig91sc with screw for floating rigger

Material: Nylon **Standard:** ~11/2017

**Rig92c**

Screw for rigger holder (Rig92b)

Material: Stainless **Standard:** ~11/2017**Rig92d**

Support for floating rigger

Material: Nylon **Standard:** ~11/2017**Rig92e**

Black plastic knob nut for Rig92b

Material: Nylon **Standard:** ~11/2017**Rig93sc**

Folding scull rigger with L cross pipe for CO2x/- & CO4x/+ - hard anodised

Material: Aluminium **Standard:** 11/2017~**Rig93sw**

Folding sweep rigger with L cross pipe for CO2x/- & CO4x/+ - hard anodised

Material: Aluminium **Standard:** 11/2017~**Rig93a**

Rigger holder for Rig93sc&sw folding rigger - 25mm cross pipe

Material: Nylon **Standard:** 11/2017~**Rig93d**

Support with plastic clip for folding rigger (incl. 1 of ScrHex6x30, plain and spring washer, NutHex8, , WashSpr8, Rig92e, 2 of WashPla8)

Material: Nylon **Standard:** ~11/2017**Rig93f**

Rubber plug for folding rigger mount

Material: Rubber **Standard:** 12/2017~**Rig93g**

White round spacer for folding rigger

Rig93g-2: 2mm **Material:** Nylon **Standard:** ~10/2019**Rig93g-3:** 3mm **Material:** Nylon **Standard:** ~10/2021**Rig93g-5:** 5mm **Material:** Nylon **Standard:** ~10/2019

**Rig99a**

Nut plate for Rig93a (CO 2x, 4x+) with rubber seal, used inside of the rigger base

Material: Nylon **Standard:** 09/2020~

**Rig94**

10mm spacer for folding riggers Rig93sc & Rig93sw, incl. 4 of ScrC/S6x45

Material: Nylon **Standard:** no

**Rig97**

5mm rubber seal with two holes for Rig94

Material: Rubber **Standard:** ~09/2020

**Rig101**

3mm thick plastic insert for CO folding riggers - black

Material: Nylon **Standard:** 10/2021~

Discontinued parts for Riggers and associated parts:

:: Aluminium riggers - anodised (until December 2012)

Prod.# / Description / Material / Standard

Rig20A-na / 3 stay scull rigger frame, with European style 12mm block - natural anodised / Aluminium / 12/2012~
 Rig21A-na / 3 stay sweep rigger frame, with European style 12mm block - natural anodised / Aluminium / 12/2012~
 Rig20C-na / 3 stay scull rigger frame, for L style block - natural anodised / Aluminium / 12/2012~
 Rig21C-na / 3 stay sweep rigger frame, for L style block - natural anodised / Aluminium / 12/2012~
 Rig22A / Non-adjustable L block for pins 1B-sc, 1B-sw, 2B-sc, 2B-sw / Aluminium / yes
 Rig23-na / 2 stay scull back rigger frame - natural anodised / Aluminium / 12/2012~
 Rig24-na / 2 stay sweep back rigger frame - natural anodised / Aluminium / 12/2012~
 Rig29-na / Scull wing rigger - natural anodised / Aluminium / 12/2012~
 Rig29A-na / Scull wing rigger long block for adaptive boat - natural anodised / Aluminium / ~08/2010
 Rig30-na / Sweep wing rigger - natural anodised / Aluminium / 12/2012~

:: Pins

Rig1 pins were used on all boats up until Aug 2008. They all have 13mm shafts, with 8x27mm threaded tops, and supplied complete with washers, nuts and spacers.

Prod.# / Description / Material / Standard

Rig1A-sc / 13x105mm shaft, 10x55mm base / Stainless / ~08/2008
 Rig1B-sc / 13x105mm shaft, 10x30mm base - for scull L block / Stainless / ~08/2008
 Rig1C-sc / 13x105mm shaft, 12x55mm base - for scull Euro, scull & sweep Ali. wing / Stainless / ~08/2008

Str48A

55mm plastic washer for under steering finger (1mm thick)

Material: Nylon **Standard:** 09/2012~

Str48B

3mm ali spacer for non steering shoe

Material: Aluminium **Standard:** 09/2012~

Str48D

3mm ali spacer for non steering shoe, with no shoe holes

Material: Aluminium **Standard:** no

Str48G

Steering finger for PBR2 shoes - complete (incl. Str47, 48A, Coach6x25)

Material: Aluminium **Standard:** 10/2018~

**Str48H**

Steering finger for Active tool shoes - complete (incl. Str47, 48A, Coach6x25)
Material: Aluminium **Standard:** 04/2019~

**Str48C**

1mm plastic spacer for non steering shoe
Material: Nylon **Standard:** 09/2012~

From September 2015 boats are supplied with Str2, with simpler adjustment of angle.

**Str2-steer**

Steering stretcher board for Swift - 260 x 320mm
Material: Carbon **Standard:** 9/2015~

**Str2-steer-c**

Steering stretcher complete (incl. 2 of Str44B, 6, 1 of Str102c, 45A40, 45A65, 46E, 48B, 48C, Str51)
Material: Carbon **Standard:** 9/2015~

Str2b-steer-c

Complete steering stretcher - PBR shoes (incl. 2 of Str44B, 6, 1 of Str102c, 45A40, 45A65, 46G, 48G, 48C, Str51)
Material: Carbon **Standard:** 10/2018~

Str2c-steer-c

Complete steering stretcher - Active tools shoes (incl. 2 of Str44B, 6, 1 of Str102c, 45A40, 45A65, 46H, 48H, 48C, Str51)
Material: Carbon **Standard:** 10/2018~

**Str51**

Special round screw for steering stretcher - 6x20mm
Material: SS304 **Standard:** 1/2016~

Str52

Plastic spacer for filling the space between the Active Tools shoe and the steering finger.

Material: Nylon **Standard:** 10/2018~

Stretchers and associated parts - Flexfoot stretcher and parts

Swift's own "Flexfoot" has a "closed heel" for safety, and is rounded for a better fit. Approved by USRowing & GBRowing.

Str70A

Flexfoot heel piece (Incl Str64a)

Material: Nylon **Standard:** 06/2008~

Str70B

Flexfoot toe piece

Material: Nylon **Standard:** 06/2008~

From June 2015, Str70Db or Ds replaces the previous strap and buckle design.

Str73

Flexfoot - complete (Incl 2 of Str70A, 70B, 1 of 73Db, 73Ds, 73E), per pair

Material: Nylon **Standard:** 06/2015~

Str73D Flexfoot strap, velcro type

Material: Nylon **Standard:** 06/2015~

Str73Db: bowside (Starb'd)

Str73Ds: strokeside (Port)

Str73E

Quick release cord for Str70D

Material: Nylon **Standard:** 06/2015~

Shoe plates are used with flexfoot from Sept 2012.

Str72

Flexfoot shoe plate

Material: Aluminium **Standard:** 09/2012~

Str72-245: 245mm, actual width is 230mm

Str72-260: 260mm, actual width is 240mm

Str72-270: 270mm, actual width is 250mm

Stretchers and associated parts - Cadet/Trainer stretchers

Str114-245

Carbon stretcher board for Cadet Mini & Cadet & Trainers (Club A) - 310x 240mm

Sea33A-280F-14c: 300mm **Standard:**05/2023~

Seats and associated parts - Single action seat parts

Sea10

Axel for seat

Material: Aluminium **Standard:** yes

Sea10-165: for 165mm seat **Standard:** no

Sea10-180: for 180mm seat

Sea10-210: for 210mm seat

Sea10-230: for 230mm seat

Sea10-250: for 250mm seat (use washers to make 254mm - 10 inch seat)

Sea10-260: for 260mm seat

Sea10-280: for 280mm seat (11 inch)

Sea10-300: for 300mm seat

Sea11A

Support for single action seats - high

Material: Nylon **Standard:** ~03/2021

Sea11B

Support for single action seats - **Standard**

Material: Nylon **Standard:** ~03/2021

Sea12

Ball bearing wheel

Material: Nylon **Standard:** yes

Sea11C

Aluminium support for single action seats - adjustable

Material: Aluminium **Standard:** 03/2021~

Sea20a is a simple spacer between the seat top and seat chassis.

Sea20a

10mm spacer for adjusting seat height

Material: Nylon **Standard:** ~03/2021

Sea21 fits between the seat top and chassis, for improved comfort and performance.

Sea21

2 degree wedge for adjusting seat top angle (per pair)

Material: Nylon **Standard:** no

SeaD1 is the complete double actions seat with flat bottom type seat top (Sea13).

SeaD1

Double action seat, flat bottom type, complete

Material: Carbon **Standard:** 09/2012~

SeaD1-180F: 180mm

SeaD1-210F: 210mm

SeaD1-230F: 230mm

SeaD1-260F: 260mm

SeaD1-280F: 280mm

SeaD1-300F: 300mm (used as **Standard** on Coastal boats)

SeaD1-300P

Plastic double action seat, complete - 300mm (used as **Standard** on Club B Coastal boats)

Material: Carbon **Standard:** 04/2016~

SeaD2

Wheel

Material: Nylon **Standard:** 09/2012~

SeaD3

Stopper for positioning carriage axle

Material: Nylon **Standard:** 09/2012~

SeaD4S

93mm carriage 1 piece for 180, 210mm, 2 pieces for 280, 300mm

Material: Nylon **Standard:** 09/2012~

SeaD4L

148mm carriage 1 piece for 230, 260mm

Material: Nylon **Standard:** 09/2012~

SeaD5

Support for double action seats

Material: Nylon **Standard:** 09/2012~

SeaD6-c

Axle complete for double action seat

Material: Stainless **Standard:** 09/2012~

SeaD6-180c: 180mm include 2 of SeaD2, 2 of SeaD3

SeaD6-210c: 210mm include 2 of SeaD2, 2 of SeaD3

SeaD6-230c: 230mm include 2 of SeaD2, 2 of SeaD3

SeaD6-260c: 260mm include 2 of SeaD2, 2 of SeaD3

SeaD6-280c: 280mm include 2 of SeaD2, 2 of SeaD3

SeaD6-300c: 300mm include 2 of SeaD2, 2 of SeaD3

SeaD7 is the complete single actions seat with low profile design seat top (Sea31).

SeaD7-300F

Double action seat, low profile design, complete - 300mm

Material: Carbon **Standard:** ~05/2023

Same as SeaD7 but without holes for better comfort.

SeaD7A-300F

Double action seat, low profile design, complete - 300mm

Material: Carbon **Standard:** 05/2023~

Seats and associated parts - Seat deck parts

Sea14

Seat rail, HARD anodised

Material: Aluminium **Standard:** yes

Sea14-750: 750mm (Cadet1x & Cadet Mini1x) **Standard:** 10/2013~

Sea14-820: 820mm

Sea14-850: 850mm

Sea14-880: 880mm

Sea14A

Black rail stopper

Material: Nylon **Standard:** yes

Sea14Afb: front bowside/ back strokeside

Sea14Afs: front strokeside/ back bowside

Sea17 used on 2s, 4s, 8s built before Mar 2011, use with 35mm and 45mm T bolts.

Sea17

Seat rail wedge - 2 part type

Material: Nylon **Standard:** ~03/2011

Sea22

Insert in seat deck for rail bolt hole (5mm)

Material: Nylon **Standard:** yes

Sea23

Bungee for seat

Material: Rubber **Standard:** 12/2008~

Sea23-260: for seat 140mm - 180mm, length is 260mm

Sea23-300: for seat 210mm - 230mm, length is 300mm

Sea23-350: for seat 260mm - 300mm, length is 350mm

Discontinued parts for Seats

:: Seats tops

Prod.# / Description / Material / Standard

Sea13-325F / Seat top, (almost) flat bottom type - 325mm wide for 300mm / Carbon / ~09/2012

:: Single action seats and parts

Prod.# / Description / Material / Standard

Sea1-254F / Single action seat, complete - 254mm (10 inch) / Carbon / ?

Sea10-254 / Axle for 254mm seat (10 inch) / Aluminium / no

:: Seat deck parts

Prod.# / Description / Material / Standard

Sea15 / Seat rail wedge, painted black / Wood / ~06/2008

Sea18 / Seat rail spacer-2mm,white / Nylon / 03/2011~

Shaft length is shown in the Prod.#, and may be different for wing rigger boats (W), and traditional rigger boats (T). Large rudders can be useful for river rowing. Rudders include washers and nuts.

Fin1 was used on all boats built up to March 2009. The rudder yoke is above the canvas deck.

Fin1-S

Std rudder

Material: Stainless **Standard:** ~03/2009

Fin1-200S: for Freedom 2x

Fin1-240S: for moulds # 201(W & T), 203(W & T), 204(W & T)

Fin1-255S: for moulds # 202(W & T), 401(W & T)

Fin1-285S: for moulds # 402W, 403W, 802W

Fin1-305S: for moulds # 402T, 403T, 802T

Fin1-350S: for moulds # 801T

Fin4A

Rudder yoke - hook design

Material: Aluminium **Standard:** 10/2015~

Fin5

Direction pointer

Material: Stainless **Standard:** ~6/2008

Fin3 has a rubber seal, used on boats from October 2015. Large rudders can be useful for river rowing.

Fin3-S

Std rudder (Fin3)

Material: Stainless **Standard:** 10/2015~

Fin3-145S: for freedom 2AR, AR202, PR202, PR203

Fin3-155S: for all 2s except 2AR, AR202, PR202, PR203

Fin3-200S: for all 4s, 802, 806, 807

Fin3-230S: for 803, 805

Fin3-L

Large rudder

Material: Stainless **Standard:** 10/2015~

Fin3-145L: for freedom 2AR, AR202, PR202

Fin3-155L: for all 2s except 2AR, AR202, PR202

Fin3-200L: for all 4s, 802, 806, 807

Fin3-230L: for 803, 805

Fins, Rudders and associated parts - Fins

Fin10

Fin

Material: Aluminium **Standard:** yes

Fin10-1: for 1x, replaceable type

Fin10-2: for 2x/-+, replaceable type

Fin10-4: for 4x/-+ replaceable type

Fin10-8: for 8+, replaceable type

Fin10D

Fin box for replaceable fin (replaces previous fin box - Fin10C)

Material: Nylon **Standard:** 06/2021~

Fins, Rudders and associated parts - Other

Fin21

2mm pipe for guide holes in ribs

Material: Stainless **Standard:** yes

Fin22A

Rudder wire

Material: Stainless **Standard:** yes

Fin22A: (per 1m)

Fin22A100: (per 100m)

Fin22A500: (per 500m)

Fin22A1250: (per 1,250m)

Fin22B

Rudder line – dyneema

Material: Stainless **Standard:** 06/2022~

Fin22B: (per 1m)

Fin22B100: (per 100m)

Fin22B500: (per 500m)

Fin22B1000: (per 1,000m)

Fin23A

Rudder wire pulley

Material: Nylon **Standard:** 11/2022~

Fin23Ab: bowside

Fin23As: strokeside

Fin24

Wire fastener (2 screw type)

Material: Stainless **Standard:** yes

Fin25A

Insert in bow canvas deck for rudder lever Fin25 (same as G7)

Material: Nylon **Standard:** yes

**Fin25B**

Rudder lever for top cox boats (incl washers, bolts and nuts)

Material: Aluminium **Standard:** 03/2014~

**Fin27**

Wooden "toggle" for stern cox, with 3mm hole for rudder wire

Material: Wood **Standard:** 04/2008~

**Fin28**

Stopper for rudder wire/wooden toggle

Material: Stainless **Standard:** 04/2008~

**Fin32a**

Guide for rudder wire

Material: Nylon **Standard:** ~02/2018

**Fin32b**

Guide for rudder wire

Material: Nylon **Standard:** 02/2018~

Fins, Rudders and associated parts - Cox parts

**Fin29A**

Headrest for bow cox boats ((Incl. 1 of U brackets and screws)

Material: Nylon **Standard:** 03/2020~

**Fin30**

25mm ali pipe (Incl 2 of plastic inserts Str10) for headrest - 450mm long

Material: Aluminium **Standard:** yes

**Fin33A**

545x370mm cushion for bow coxed 402, 406, 408, 407

Material: Rubber **Standard:** 03/2016~

Fin33B

540x350mm cushion for bow coxed 403, 410, 411

Material: Rubber **Standard:** 03/2016~

Fin34A

Cover for Fin33A

Material: PVC **Standard:** 03/2016~

Fin34B

Cover for Fin33B

Material: PVC **Standard:** 11/2020~~

Fin40-lcL

Smart track retractable rudder, small (420mm deep) - complete

Material: Nylon **Standard:** ~06/2020

Fin41-lcL

Smart track retractable rudder, small (340mm deep) - complete

Material: Nylon **Standard:** yes

Fin41A

Guide for rudder rope on CO1x, 2x

Material: Aluminium **Standard:** ~10/2020

Fin41A1a: CO101-

Fin41A2a: CO201-

Fin41A2b: CO202-

Fin41B

Rudder post for Smart Track Rudder (Fin41-lcL)

Material: Aluminium **Standard:** 10/2020~

Fin41B1a: CO102-

Fin41B1b: CO103-

Fin41B2a: CO202A

Fin41B4a: CO402+ **Standard:** NO

Fin42

Guide for rudder rope (same as Str44B)

Material: Nylon **Standard:** yes

Fin47a

Rudder yoke for CO4x/+ (incl. 2 of ScrFlange6x25, WashPla6W & NutLock6)

Material: Aluminium **Standard:** 04/2017~

Fin48a

Connect piece for CO4x/+ rudder yoke and rudder levers - L shape

Material: Aluminium **Standard:** 04/2017~

**Fin49a**

Rudder lever for CO4x/+, with black plastic cap (incl. 1 of ScrPan6x30, NutLock6, 3 of WashPla6W)

Material: Aluminium **Standard:** 04/2017~

**Fin45**

Plastic hook for CO4x/+ rudder

Material: Nylon **Standard:** 04/2017~

**Fin46**

Bungee 6mm, for hold CO4x/+ rudder (1m)

Material: Rubber **Standard:** 04/2017~

**Fin43C**

Standard rudder for CO4x/+ - 305mm shaft (incl. 1 of WashPla12ny, WashPla12, Fin60, WashPla8, NutLock8 & Dome8)

Material: Carbon **Standard:** 03/2020~

**Fin43C-c**

Complete standard rudder for CO4x+ - 305mm shaft (incl. 1 of Fin43C, 50B, 47a, 2 of 48a & 49a)

Material: Carbon **Standard:** 03/2020~

**Fin58S-c**

Complete short rudder for CO4x+ - 305mm shaft (incl. 1 of Fin58S, 50B, 47a, 2 of 48a & 49a)

Material: Carbon **Standard:** no

**Fin58S**

Short rudder for CO4x/+ - 305mm shaft (incl. 1 of WashPla12ny, WashPla12, Fin60, WashPla8, NutLock8 & Dome8)

Material: Carbon **Standard:** no

Fin50B

Frame for CO4x/+ rudder Fin43B & 43C- 305mm shaft, black colour

Material: Fiberglass **Standard:** 01/2020~

Fin44B

Rudder frame for CO4x+ with fixed hole Fin43C & Fin58S - 305mm shaft, black

Material: Fiberglass **Standard:** 06/2023~

Fin47b

Rudder yoke for CO4x+ (incl. 2 of ScrFlange6x25, WashPla6W & NutLock6)

Material: Aluminium **Standard:** 06/2023~

Fin59

Rudder yoke for CO4x+ (incl. 2 of ScrFlange6x25, WashPla6W & NutLock6)

Material: SS316 **Standard:** 06/2023~

Fin60

10mm sleeve for Fin43C & Fin58S

Material: SS316 **Standard:** 06/2023~

Fins, Rudders and associated parts - Coastal fins

Fin51

Fin

Material: PVC & Fiberglass **Standard:** ~06/2017

Fin51-1: for 1x

Fin51-2: for 2x

Fin51-3: for 4x+

Fin57

Carbon beach sprint fin for CO1x & Co2x/-,80mm deep
Material: Carbon **Standard:** 11/2019~

Fin55S

Carbon fin for CO1x and CO2x, 160mm deep
Material: Carbon **Standard:** 11/2019~

Fin55M

Carbon fin for CO1x and CO2x, 205mm deep
Material: Carbon **Standard:** 11/2019~

Fin52a

Bungee for fix adjustment - 260mm long
Material: Rubber **Standard:** ~06/2017

Fin52b

Aluminium piece for fix fin bungee
Material: Aluminium **Standard:** ~06/2017

Fin54a

Fin box for Fin57, 55S & 55M (include Hex socket screw ScrGrub5x16)
Material: Fiberglass **Standard:** 06/2017~

Fin56

Fin box filler
Material: Nylon **Standard:** 10/2020~

Fins, Rudders and associated parts - Gig rudders

G1

Rudder - with stainless attachments
Material: Wood **Standard:** yes

G2

Upper attachment fitting on rudder
Material: Stainless **Standard:** yes

G3

Lower attachment fitting on rudder
Material: Stainless **Standard:** yes

**G4**

Attachment fitting for rudder on boat

Material: Stainless **Standard:** yes

**G7**

Insert for top of rudder to take rudder rope (same as Fin25A)

Material: Nylon **Standard:** ~10/2009

**G8**

Eye for rudder rope

Prod No.: G8 **Material:** Nylon **Standard:** yes

**G9**

Pulley for rudder rope

Material: Aluminium **Standard:** yes

**G10**

Shackle for rudder

Material: Stainless **Standard:** 05/2010~

**G101**

Stern deck rudder wire guide

Material: Nylon **Standard:** 05/2010~

Discontinued parts for Fins & Rudders

:: Rudders

Fin1 was used on all boats built up to March 2009. Rudder yoke is above the canvas deck.

Fin1-200L / Large rudder for Freedom 2x / Stainless / ~03/2009
Fin1-240L / Large rudder for moulds #201(W&T),203(W&T),204(W&T) / Stainless/~03/2009

ADSea4-60-380: 380mm wide

ADSea4

Seat & back support Mark 4, complete
(incl. 2 of ADSea4-62, 6 of ADSea4-63, 1 of ADBack-61)

Material: Aluminium **Standard:** no

ADSea4-230c: 230mm wide back plates

ADSea4-280c: 280mm wide back plates

ADSea4-330c: 330mm wide back plates

ADSea4-380c: 380mm wide back plates

Adaptive parts - Straps

ADSea7e

Leg strap - 2 piece type (Incl. 2 of Tbolt8x25, nuts, washers) - 2011 FISA approved

Material: Nylon **Standard:** 05/2011~

ADSea7f

Chest strap - 2 piece type (Incl. 4 of ScrHex6x20, nuts, washers) - 2011 FISA approved

Material: Nylon **Standard:** ~12/2013

ADBack-61

Chest strap - 110mm wide

Material: Nylon **Standard:** 12/2013~

ADBack-61: Mark3 for ADBack (Incl. 4 of ScrHex6x35, nuts, washers)

ADBack4-61: Mark3 for ADBack4 (Incl. 4 of ScrHex6x25, nuts, washers)

Adaptive parts - Seat deck parts

ADSea9a, 9c used the same shape C rail, and "Tbolt8x25". From March 2011 we use a deeper and stronger C rail, ADSea9d, and "Tbolt8x35". This has the same 7 holes as ADSea9a.

ADSea9d

"C" seat rail only (7 bolt type) - new type, incl. 1 of ADSea13

Material: Aluminium **Standard:** 03/2011~

ADSea13

Black end cap for ADSea9d

Material: Nylon **Standard:** 06/2010~

ADSea51

Insert in seat deck for rail bolt hole (5mm)

Material: Nylon **Standard:** yes

ADSea15

25mmx25mmx10mm spacer, to raise adaptive seat or back support

Material: Nylon **Standard:** no

Adaptive parts - Concept II rowing machine parts

Our seats and back supports can be fitted to CII rowing machines. Use the T bolts, nuts and washers that are supplied with the seats and back supports, plus 4 pieces of our "adapter" (ADSea16), to attach securely to the top "lip" of the seat rail. For the soft seat, please order also 1 of ADSea17.

ADSea16

"Tabs" to attach seats and backs to CII machines

Material: Aluminium **Standard:** 03/2011~

ADSea17

Reinforcement for soft seat (ADSea21) on CII machine
(2 pieces, 4 of Tbolt8x30, wing nuts and washers)

Material: Aluminium **Standard:** 03/2011~

ADSea18

Set of 4 "tabs" with 8x45mm hex screws, hex nuts, washers to attach seats & backs to CII machines

Material: Aluminium **Standard:** 03/2011~

Discontinued parts for Adaptive parts

:: Back supports

Except for the different uprights (ADSea41a & 42a), ADSea41 & 42 have the same parts (2 of 43-41, 2 of 43-25, 2 of 45-35, 2 of 45-40, 4 of 14-25, 1 of 44, 1 of 46).

Prod.# / Description / Material / Standard

ADSea41 / Complete back support - wide type / Aluminium / ~12/2013
ADSea41a / Upright frame for back support - wide type (incl. 2 of 47) / Aluminium / ~12/2013
ADSea42 / Complete back support - narrow type / Aluminium / ~12/2013
ADSea42a / Upright frame for back support - narrow type (incl. 2 of 47) / Aluminium / ~12/2013
ADSea43-41 / Long brace - 41cm / Aluminium / ~12/2013
ADSea43-25 / Short brace - 25cm / Aluminium / ~12/2013
ADSea44 / Base for back support (for ADSea41 & 42) / Aluminium / ~12/2013
ADSea46 / Back cushion (new long type for ADSea41 & 42) / Nylon / ~12/2013

:: Straps

Prod.# / Description / Material / Standard

ADSea7c / 1 piece velcro strap - short - for lap / Nylon / ~05/2011
ADSea7d / 1 piece velcro strap - long - for chest / Nylon / ~05/2011

:: Seat deck parts

Prod.# / Description / Material / Standard

ADSea9a / "C" seat rail only (7 bolt type) / Aluminium / ~03/2011
ADSea9c / "C" seat rail only - no holes (for boats before June 2010) / Aluminium / ~06/2010
ADSea10 / Seat rail spacer for ADSea9d - 2mm, white / Nylon / 03/2011~

Nuts, bolts, washers: Coach/carriage bolts

Coach6

Coach bolt

Coach6x20: 6x20mm coach bolt with 8mm sleeve - (attach steering finger Str46B) **Material:** SS304 **Standard:** 09/2011~

Coach6x25: 6x25mm coach bolt (attach steering finger Str46E, Str46F) **Material:** SS304 **Standard:** 09/2012~

Coach6x30: 6x30mm coach bolt - (attach wing riggers from May 2012~Feb 2013) (attach mould 121- stretcher pipe Str105 to saxboard)
Material: SS304 **Standard:** ~02/2013

Coach6x35: 6x35mm - (attach upright of PARA back support to base ADSea44, brace to upright of PARA back support)
Material: SS316 **Standard:** yes

Coach6x40: 6x40mm - (attach stretcher base to 16mm pipe, brace to base of PARA back support ADSea44, braces and back support lower to the base of PARA adjustable back support, attach wing riggers from Feb 2013)
Material: SS316 **Standard:** yes

Coach6x45: 6x45mm - (for 2s, 4s, 8s with wing riggers before May 2012) **Material:** SS304 **Standard:** ~05/2012

Coach6x50: 6x50mm - **Material:** SS304 **Standard:** no

Coach6x60: 6x60mm - **Material:** SS304 **Standard:** no

Coach6x70: 6x70mm - **Material:** SS304 **Standard:** no

Coach6x80: 6x80mm - **Standard:** no

Rigger bolts have square "necks" which fit the square hole in the rigger bolt washers. Because the inside and outside surfaces of ribs (shoulders) are not parallel, the head of the bolt needs to be bent, relative to the shaft. The rigger bolts below (pb) have already have the head bent at the factory.

Coach-pb

Coach bolt (pre bent rigger bolt)

Material: SS304

Coach6x35pb: 6x35mm **Standard:** yes

Coach6x40pb: 6x40mm **Material:** SS316 **Standard:** yes

Coach6x45pb: 6x45mm **Material:** SS316 **Standard:** yes

Coach6x50pb: 6x50mm **Standard:** no

Coach6x60pb: 6x60mm **Standard:** no

Coach6x70pb: 6x70mm **Standard:** no

Coach6x80pb: 6x80mm **Standard:** no

Nuts, bolts, washers: T bolts

T bolt

Tbolt5x25: 5x25mm (attach seat rail to all sloping seat decks) **Material:** SS316 **Standard:** yes

Tbolt5x35: 5x35mm (attach front of seat rail to all non-sloping seat decks) **Material:** SS316 **Standard:** yes

Tbolt5x45: 5x45mm (attach back of seat rail to all non-sloping seat decks) **Material:** SS316 **Standard:** yes

Tbolt6x30: 6x30mm (attach stretcher pipe to stretcher track) **Material:** SS316 **Standard:** yes

Tbolt6x45: 6x45mm (attach base of stretcher to stretcher track) **Material:** SS304 **Standard:** yes

Tbolt8x25: 8x25mm (attach seats and back supports to old adaptive rail ADSea9a) **Material:** SS304 **Standard:** ~03/2011

Tbolt8x30: 8x30mm T bolt (attach seats and back supports Mark 3 to adaptive rail ADSea9d) **Material:** SS304 **Standard:** 03/2011~

Tbolt8x40: 8x40mm (attach seats and back supports to adaptive rail ADSea9d) **Material:** SS304 **Standard:** no

Nuts, bolts, washers: Screws-hexagonal head

ScrHex

Hex screw

Material: SS316

- ScrHex6x20:** 6x20mm (attach C bracket Rig9B to Ali Back Rigger, extra scull seat to gigs G60) **Standard:** yes
- ScrHex6x25:** 6x25mm hex screw (attach braces to Mark3 PARA back support upper)(attach SmartTrack rudder to CO rudder post Fin41B) (attach ADBack4-59 to ADBack4-58, attach ADBack4-61 to ADBack4-58) **Standard:** yes
- ScrHex6x30:** 6x30mm (attach wing rigger topstays to boat) **Standard:** yes
- ScrHex6x35:** 6x35mm hex screw (attach CO folding rigger to saxlip) (attach ADBack4-58 to ADBack4-57)
Standard: 11/2017~
- ScrHex6x40:** 6x40mm hex screw (attach PARA chest straps to adjustable back support) (attach ADBack-53 to ADBack-54) (Mark3 PARA back support bottom part to ADBack-54) **Standard:** yes
- ScrHex6x60:** 6x60mm hex screw (attach carbon reverse wing riggers to boat)**Standard:** yes
- ScrHex6x70:** 6x70mm hex screw (attach carbon reverse wing riggers to boat)**Standard:** yes
- ScrHex6x80:** 6x80mm hex screw (attach carbon reverse wing riggers to boat)**Standard:** yes
- ScrHex8x20:** 8x20mm (for ali back rigger pins Rig3AL) **Standard:** yes
- ScrHex8x25:** 8x25mm (for rigger pins Rig2) **Standard:** 09/2008~
- ScrHex8x30:** 8x30mm 8x30mm hex screw (used on top of ali back rigger pins Rig3AL) **Standard:** 10/2019~
- ScrHex8x45:** 8x45mm (for sections of 4s and 8s) **Standard:** yes
- ScrHex8x55:** 8x55mm (for sections of 4s and 8s) **Standard:** yes
- ScrHex12x60:** 12x60mm (attach adaptive float to rigger with FloAD03) **Standard:** yes

Nuts, bolts, washers: Screws-countersunk head

ScrC/S

C/S screw, posi +

Material: SS304 **Standard:** yes

- ScrC/S4x12:** 4x12mm C/S screw, posi + (for fin box Fin10A) (attach stretcher track for 1s, cable guide holder to shoe plate Str44A) (attach flexfoot Str70B) **Standard:** ~08/2011
- ScrC/S4x15:** 4x15mm C/S screw, posi + (attach gig guide for steering finger G17 to stretcher) (attach CO102 & 103 CO flap holder Oth123 to Oth124)
- ScrC/S4x20:** 4x20mm C/S screw, posi + (for U bracket Str6, attach cam Rig82-QR to square shaft for Quick Release Rig84-QR) (attach flexfoot Str70B) (attach stretcher to mould 121- stretcher pipe Str105)
- ScrC/S4x20:** 4x25mm C/S screw, posi + (attach flexfoot Str70B)
- ScrC/S4x35:** 4x35mm C/S screw, posi + (attach gig steering footboard to stretcher G12s, attach plastic cleat Oth104)
- ScrC/S5x10:** 5x10mm C/S screw, posi + (attach shoe to shoe plate)
- ScrC/S5x25:** 5x25mm C/S screw, posi + (for steering finger clamp Str47)
- ScrC/S5x30:** 5x30mm C/S screw, posi + (for steering finger clamp Str47, adaptive seat rail)
- ScrC/S5x35:** 5x35mm C/S screw, posi + (for steering finger clamp Str47)
(attach ADBack4-56 to ADBack4-57)
- ScrC/S6x20:** 6x20mm C/S screw, posi + (attach SmartTrack rudder post to CO stern)
- ScrC/S6x25:** 6x25mm C/S screw, posi + (attach shoe plate to stretcher) (attach stainless cleat Oth102 to the bow of CO2x/- & 4x+)
(attach ADBack4-60 to ADBack4-58)
- ScrC/S6x30:** 6x30mm C/S screw, posi + (attach carrying handle Oth105 to CO1x)
- ScrC/S6x35:** 6x35mm C/S screw, posi + (attach QR base Rig81-QR to sax lip, attach the rigger holder to coastal boat)

Nuts, bolts, washers: Screws-pan head

ScrPan

pan screw, posi +

Material: SS304 **Standard:** yes

- ScrPan4x20:** 4x20mm pan screw, posi + (attach flexfoot to stretcher Str70B)
- ScrPan4x25:** 4x25mm pan screw, posi + (for bow ball for all except Freedom 1s and 2s)
- ScrPan4x30:** 4x30mm pan screw, posi + (for bow ball for Freedom 1s and 2s)
- ScrPan5x25:** 5x25mm pan screw, posi + (attach CO extra wave breaker to saxlip)
- ScrPan5x30:** 5x30mm pan screw, posi + (attach CO wave breaker to canvas deck)
- ScrPan6x20:** 6x20mm pan screw, posi + (for seat wheel Sea12)
- ScrPan6x25:** 6x25mm pan screw, posi + (attach CO cox seat to ali spacer Oth118)
- ScrPan6x30:** 6x30mm pan screw, posi + (attach CO4x/+ connect piece to rudder yoke & rudder lever)
(attach CO ali carrying bar to stern)
- ScrPan6x45:** 6x45mm pan screw, posi + (for attach rudder wire to rudder lever Fin25B)
- ScrPan6x60:** 6x60mm pan screw, posi + (for attach rudder lever to bow canvas Fin25B)

Nuts, bolts, washers: Washer/plain

WashPla

Plain washer

Material: SS304/SS316 **Standard:** yes

- WashPla4:** 4mm plain washer - 9mm wide (attach cable guide holder to shoe plate Str44A, flexfoot to stretcher Str70B) (for U bracket Str6, bow ball Oth1) etc
- WashPla5:** 5mm plain washer - 10mm wide (for seat rail, steering finger clamp Str47, rudder Fin1, Fin2)(for CO wave break)
- WashPla5W:** Wide 5mm plain washer - 15mm wide (for eye of rope G45b & G45s)
- WashPla6:** 6mm plain washer - 11 wide (attach shoe plate to stretcher, stretcher base to 16mm pipe, steering finger Str46B, C bracket Rig9 to Ali Back Rigger) (for seat wheel, stretcher T bolt, rigger bolts) etc
- WashPla6W:** Wide 6mm plain washer - 18 mm wide (for wing rigger backstay) **Standard:** 03/2014~
- WashPla6T:** Wide 6mm plain washer (thick) - 10mm wide (for adaptive chest strap)
- WashPla8:** 8mm plain washer - 15mm wide (for rigger pins Rig 1 & Rig2 & Rig3A)
- WashPla8W:** Wide 8mm plain washer - 23mm wide (for adaptive leg strap)
- WashPla12:** 12mm plain washer - 26mm wide (for rigger pins Rig2) (attach adaptive float to rigger with FloAD03)

WashPla12ny

12mm nylon plain washer (use on CO4x+ rudder shaft)

Material: Nylon **Standard:** yes

Nuts, bolts, washers: Washers with rubber - plain

WashPlaRub5W

5mm spring washer - (for rudder Fin1, Fin2)(for CO wave breaker)

Material: SS304/SS316 **Standard:** yes

Nuts, bolts, washers: Washer/spring

WashSpr

Spring washer

Material: SS304/SS316 **Standard:** yes

- WashSpr5:** 5mm spring washer - (for rudder Fin1, Fin2) (for CO wave break)
- WashSpr6:** 6mm spring washer - (for seat wheel, stretcher T bolt) (attach shoe plate to stretcher, stretcher base to 16mm pipe, C bracket Rig9 to Ali Back Rigger) (attach wing rigger to saxlip)
- WashSpr8:** 8mm spring washer - (for new rigger pins Rig2) (for section bolts)
- WashSpr12:** 12mm spring washer - (for rigger pins Rig2)

Nuts, bolts, washers: Wing nuts

Wing

Wing nut

Material: SS304 **Standard:** yes

Wing5: 5mm wing nut (steering finger clamp Str47, rudder Fin1, Fin2)(for CO wave break)

Wing5nyB: 5mm nylon wing nut (for seat rail Sea14) **Material:** Nylon **Standard:** 12/202

Wing6: 6mm wing nut (attach shoe plate to stretcher for 1s)

Wing8: 8mm wing nut - was used on adaptive boats until Mar 2011

Wing6nyB

6mm nylon wing nut (attach shoe plate to stretcher)(attach stretcher pipe to stretcher tracks)(attach wing riggers and CO folding riggers to saxlips)(attached Gigs & CO coxed seat to boats) (attached float arms to PR floats) (attach bow coxed headrest pipes to tracks)

Material: Nylon **Standard:** 02/2023~

Nuts, bolts, washers: Locking nuts

NutLock

Locking nuts

Material: SS304 **Standard:** yes

NutLock4: 4mm locking nut (attach cable guide holder Str44A to shoe plate, flexfoot Str70B) (for stretcher track Str8, U bracket Str6, bow ball Oth1)

NutLock5: 5mm locking nut

NutLock6: 6mm locking nut (attach stretcher base to 16mm pipe, steering finger Str46B to stretcher) (for rigger bolts)

NutLock8: 8mm locking nut

NutLock12: 12mm locking nut (attach adaptive float to rigger with FloAD03)

Nuts, bolts, washers: Hexagon nut

NutHex

Hexagon nut

Material: SS316 **Standard:** yes

NutHex5: 5mm hex nut

NutHex6: 6mm hex nut (attach wing rigger to saxlip)

NutHex8: 8mm hex nut (for section bolts, rigger pins Rig1)

NutHex12: 12mm hex nut (for rigger pins Rig2)

Nuts, bolts, washers: Knob nut

NutKnob

Knob nut

Material: SS316 **Standard:** yes

NutKnob6: 6mm knob nut - nylon surround (for stretcher pipe for 1s, Gig cox seat, CO cox seat)
(for CO stretcher T bolt excepts)

NutKnob8: 8mm knob nut - nylon surround (attach adaptive float to stern wing rigger with FloAD03)

NutKnob8b: 8mm knob nut - nylon surround (attach adaptive float to reverse wing rigger with FloCA03)

Nuts, bolts, washers: Self tapping screws - pan head

TapPan3x8

3x8mm pan, self tapping screw, posi + (attach Str5 to base of stretcher before Sep 2011)

Material: SS304 **Standard:** ~09/2011

Nuts, bolts, washers: elf tapping screws - countersunk head

TapC

Countersunk head screw

Material: SS304 **Standard:** yes

TapC/S3x7: 3x7mm C/S, self tapping screw, posi + (attach Str5 to base of stretcher from Sep 2011) (attach Str107 to mould 121 - saxboard) **Standard:** ~09/2015

TapC/S3x12: 3x12mm C/S, self tapping screw, posi + (for double action seat SeaD5)

TapC/S4x10: 4x10mm C/S, self tapping screw, posi +

TapC/S4x13: 4x13mm C/S, self tapping screw, posi + (for seat support Sea11B with no spacer) (for Oth2A) (for seat rail stopper Sea14A)

TapC/S4x16: 4x16mm C/S, self tapping screw, posi + (for stretcher track Str8&9 on new seat decks) (for number plate holder Oth3) (for Fin23)(aluminium piece for fix Coastal boat fin bungeeFin52b) (Coastal boat elastic net Oth109)

TapC/S4x20: 4x20mm C/S, self tapping screw, posi + (for Coastal boat white holder for Flap Oth113a)

TapC/S4x22: 4x22mm C/S, self tapping screw, posi + (for seat support Sea11B with 1 spacer)

TapC/S4x25: 4x25mm C/S, self tapping screw, posi + (for black rail stopper Sea14A)

TapC/S4x32: 4x32mm C/S, self tapping screw, posi + (for seat support Sea11B with 2 spacers)

Nuts, bolts, washers: Grub screw

ScrGrub

grub screw

Material: Stainless

ScrGrub5x16: 5x16mm grub screw - use 2.5mm allen key (for CO fin box Fin54a) **Standard:** 06/2017~

ScrGrub6x16: 6x16mm grub screw - use 3mm allen key (for repair CO fin box Fin54a) **Standard:** No

These help to prevent damage to boats, especially from hitting the pin against another boat. The nuts have a thread, and the caps can simply be pushed on to nuts or bolt heads.

Dome

Dome nut

Material: Nylon

Standard: no

Dome6: 6mm white

Dome6-100: 6mm white - pack of 100

Dome6-500: 6mm white - pack of 500

Standard: no

Dome8: 8mm white

Dome8-100: 8mm white - pack of 100

Dome8-500: 8mm white - pack of 500

Standard: yes

Dome10: 10mm - white

Dome10-100: 10mm - white - pack of 100

Dome10-500: 10mm - white - pack of 500

Standard: yes

Dome12: 12mm - white

Dome12-100: 12mm - white - pack of 100

Dome12-500: 12mm - white - pack of 500

NutCap

Nut protection cap

Material: Nylon

Standard: 10/2008~

NutCap8: 8mm black

NutCap8-100: 8mm black - pack of 100

NutCap8-500: 8mm black - pack of 500

Standard: no

NutCap10: 10mm black

NutCap10-100: 10mm black - pack of 100

NutCap10-500: 10mm black - pack of 500

Standard: 10/2008~

NutCap12: 12mm black

NutCap12-100: 12mm black - pack of 100

NutCap12-500: 12mm black - pack of 500

Discontinued parts for Nuts, bolts, washers

:: Coach/carriage bolts

Prod.# / Description / Material / Standard

Coach6x17 / 6x17mm coach bolt - (attach steering finger to stretcher Str46B) / SS304 / ~09/2011

Coach8x25 / 8x25mm coach bolt (attach seats and back supports to PARA seat rails) / SS304 / no

Coach8x35 / 8x35mm coach bolt (attach seats and back supports to PARA seat rails with 1 spacer ADSea15) / SS304 / no

Coach8x45 / 8x45mm coach bolt (attach seats and back supports to PARA seat rails with 2 spacers ADSea15) / SS304 / no

:: T bolts

Prod.# / Description / Material / Standard

Tbolt5x45ny / 5x45mm nylon T bolt (attach seat rail to all seat decks) / nylon / no

Tbolt6x40ny / 6x40mm nylon T bolt (attach seat rail to all seat decks) / nylon / no

Tbolt6x45ny / 6x45mm nylon T bolt (attach seat rail to all seat decks) / nylon / no

Tbolt8x40 / 8x40mm Tbolt(attach seats and back supports to adaptive rail ADSea9d) / SS304 / ~10/2019

:: Wing nuts

Prod.# / Description / Material / Standard

Wing5ny / 5mm nylon wing nut (attach seat rail to all seat decks) / nylon / no

Wing6ny / 6mm nylon wing nut (attach seat rail to all seat decks) / nylon / no

:: Tube nuts

Prod.# / Description / Material / Standard

NutTube6x60 / Long tube nut (for stretcher T bolt excepts 1s) / SS304 / ~09/2015

NutTube6x40 / Short tube nut (attach stretcher pipe to stretcher tracks excepts 1s & CO) (for attach shoe plate to stretcher) (attach stretcher keel bracket to keel track except CO) / SS304 / ~07/2023
